MATCHDAY OFFICIALS

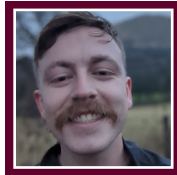

Phil Leah
Referee

Phil has always enjoyed playing football since a young lad growing up in Liverpool. He began coaching Grassroots football when his eldest son started his football journey. Having played and coached, the next step was to officiate. Phil is delighted to be offered the chance to officiate in this Cup Final and is looking forward to the match.

Alfie Rogers
Assistant Referee

Alfie has been refereeing from the age of 16 in South Wales. He began in the Cheltenham Football League in 2022 after he relocated to Gloucestershire. He has enjoyed refereeing across many leagues including acting as a linesman in cup games. He is very much looking forward to tonight's game on what should be a great occasion.

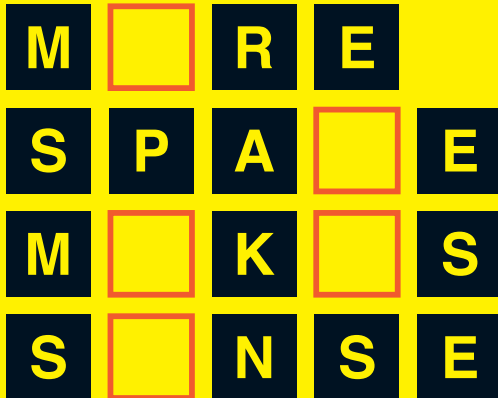

Conor McQuillion
Assistant Referee

Assistant Referee Conor's first ever time taking the whistle was in the Cheltenham Association Football League (CAFL) in February 2023. Now in his second season, Conor's dedication has been recognised by FA Gloucestershire with two back-to-back promotions, in part thanks to the support of CAFL. While serving actively in the military, Conor finds officiating a rewarding challenge and enjoys the camaraderie it fosters and loves being involved in the footballing community. He looks forward to further progression with refereeing in the coming years and extends his gratitude to his wife Abbie and kids Lomond and Leven for their unwavering support.

Joseph Whitehouse
4th Official

Joe passed his refs exam in December 1973 after being advised to give up playing due to an injury. He is currently a level five. He officiated in the Malvern League and Worcester League plus he was on West Midland Regional League and Midland Combination. When the Worcester Saturday League folded in 2010 he moved to the Cheltenham League in 2011. He has been on the Worcestershire FA Council since 2004 and he is currently President of the Worcester Sunday League and Vice Chairman of the Mercian Youth League where he has also officiated for nearly 40 years. Joe is looking forward to tonight's final as it his last game, not only on the Cheltenham League, but also in adult football as he has now achieved his target of fifty years. This cup final really is a great way to finish his refereeing career.
